Overview

Due to the introduction of RITE-SENSOR® from Bartec USA, it is now possible to extend the software support period on the Tech400SD TPMS Tool to December 31, 2021. Effective immediately, registered customers can purchase a SUL (Software Update License) that will take their tool support through December of 2021. Contact your Bartec Distributor or contact us for further info.

Original Support Period

Bonus Support Period

2011 — 2019 — 2021
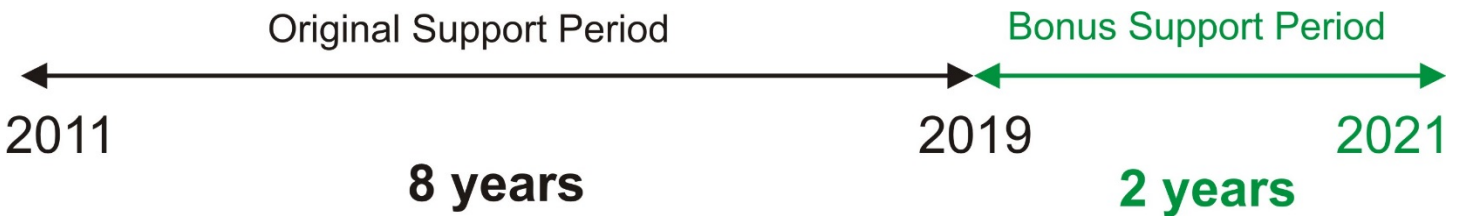

8 years

2 years

Note: Continuance of support on a tool with a service life of more than eight years means that some features and/or aftermarket sensor support may drop off.

Tech400SD Aftermarket Sensor Support contained in software update 60.0
